Dear Mr Galperin,

Following the article of Gale Holland in LA Times, I invite you to read this post: <https://sab.center/affordable-housing-in-los-angeles/>

I compare the prices of one proposition HHH project with the real market.

I am conducting a [R&D program](#) to debunk those kinds of over costs.Here is the executive summary of the R&D program: <https://sab.center/executive-summary/>

Bests regards,

**Sandrine GERMAIN**
